

## Official Digital Innovation in Learning Awards (DILAs) Rubric

*NOTE: This is the collection of criteria that judges will use to score each completed DILA submission. Each criterion is judged on a point scale of 1 to 6. The maximum amount of points possible is 42.*

| Criteria description:  |
|--|
| A. <b>All submitted materials</b> demonstrate that the practice clearly embodies the principles and ideals of the award. (This criterion is worth 2x points as the other criteria, for a total of 12 possible points.) |
| B. <b>All submitted materials</b> share practices that are creative and innovative.  |
| C. <b>The video</b> has a clear message and specific practices are demonstrated, not just described by the applicant or through testimonials.  |
| D. <b>The video</b> is very high-quality and dynamic; camera work and editing are smooth; lighting and sound are professional.   |
| E. <b>The first short answer</b> provides a clear overview of practice and how it relates to the award.  |
| F. <b>The second short answer</b> successfully describes the impact of the practice and any qualitative or quantitative data demonstrating its impact.   |
